FIVE CENTS

HALF A BILLION GIVEN BY FORD

Ike And GOP Leaders Confer—

Ag Program At Top Of List

Widespread Support From Farm Groups Predicted; Hope Held For A Balanced Budget

WASHINGTON (AP)—The Eisenhower administration reported Monday night it will give top priority in the new Congress to a farm program which GOP leaders predicted will "win widespread support."

The farm problem—serious because farmers' income has been falling while other elements of the nation are prosperous—occupied a major part of a strenuous series of conferences joined in by President Eisenhower, his Cabinet members and other aids, and Republican leaders of the House and Senate.

The White House said no final decisions were reached on details of the farm program.

Ex-Cabbie Released In Coed Killing

Other Suspect To Face Lie Detector Test

OMAHA (AP)—Police Monday night released an ex-cab driver questioned in connection with the slaying of Omaha University coed Carolyn Nevins and scheduled a lie detector test Tuesday for an other man questioned.

The ex-cab driver was released after a lie detector test indicated, Police Capt. Alvin Clinchard said, that "he was not responsible for the killing." He posted a \$100 appearance bond.

The man had been taken in for questioning after he had reportedly said in a tavern "I killed that broad."

The other man was picked up by police after he gave them, they said, a number of phony tips about hearing gun shots Friday night about the time Miss Nevins was thought to have been shot four times.

House-to-House Search

Monday police made a house-to-house search for clues in pressing for a quick break.

Monday night police were checking blood spots found on a parking meter head located in what is called "the south lower parking lot" at the university. Police said no blood was found at the bottom of the meter post but that a meter service man had told them he found no blood on the meter head when he emptied it Friday.

"I hope for early developments," said Detective Inspector Ernest Brown, the man who is directing the search for the slayer of the attractive 20-year-old University of Omaha coed and former Lincoln girl.

Lot of Leads

The all-out investigation is producing a lot of possible leads, he said, and police feel sure they can sift something concrete from these.

Carolyn was found shot to death on a snow-covered campus roadway at 4:10 a.m. Saturday. That was about six hours after she left the university library where she worked.

After the man had been given the lie detector test, Police Capt. Alvin Clinchard reported:

"The test itself would indicate he was not responsible for the killing."

There are elements other than the test, however, which call for further investigation, Clinchard said.

Police made the house-to-house check of 85 homes near the university and turned up numerous reports of people hearing gun shots between 11 p.m. and midnight Friday.

So far, neither time nor place of the shooting has been established.

The slain girl's mother, Mrs. Arthur J. Nevins, told police it was unlikely her daughter would have spoken or accepted a ride from a stranger the night she was killed.

'Open Sky' Plan Given U.N. Approval

Soviet Bloc Opposition Overcome

... Vote Is 53 To 5

UNITED NATIONS, N.Y. (INS) — The U.N. Political Committee swept aside Soviet bloc opposition Monday and overwhelmingly endorsed President Eisenhower's "Open Skies" plan as a "confidence builder" in global efforts to achieve disarmament.

The Political Committee approved by 53 votes to 5 a Western proposal urging new East-West disarmament talks early next year on the basis of the Eisenhower proposals for aerial surveys and exchange of military blueprints.

Russia and the Soviet bloc voted against the proposal.

The negative action was taken by U.N. diplomats as a sharp notice and warning to the Western powers that the Soviet Union remains uncommitted to the Eisenhower "Open Skies" plan.

The negative Soviet vote consequently boded ill for any prospects of early practical progress either in reaching agreement on aerial surveys or the exchange of ground observation post teams by Russia and the U.S.

'Great Day'

Despite the Soviet opposition, U.S. Ambassador Henry Cabot Lodge hailed the committee's vote as marking "a very great day" in U.N. history.

Lodge said the overwhelming support for the Western proposal, sponsored by the U.S., Britain, France and Canada, "will give great dramatic guidance" to the world body in its efforts to prevent nuclear war and permit nations to disarm.

The chief American spokesman at U.N. said the committee's action will "protect the world against aggression and lead the way to disarmament" and U.N. objectives in the disarmament field.

British Minister of State Anthony Nutting and other Western spokesmen endorsed Lodge's statement.

'Astray'

Soviet delegate A. A. Sobolev charged that the adopted resolution will lead governments "astray" in their efforts to achieve disarmament.

Sobolev voted against the Western measure after the political Committee rejected his demands for top priority in future disarmament talks for the Soviet May 10 arms proposals which the West has rejected as inadequate.

The committee also voted down a Soviet demand to link the uncontrolled prohibition of nuclear weapons with renewed U.N. efforts on the disarmament question.

Burn Victim Fairly Good

Mrs. Horace Wilborn, 63, of 1619 No. 28th was reported in fairly good condition at Bryan Memorial Hospital. She suffered burns on the front of her body when her apron caught fire while she was working in front of the stove.

Freed In 'Other Woman' Death

Kathryn Ann Haynes, 28-year-old mother who killed her husband's mistress, tells Hugh McGee, her lawyer, "it's wonderful" as she leaves Federal Court in Washington, D. C., upon winning her release from a mental hospital. Mrs. Haynes, mother of four daughters, was acquitted of murder Oct. 29 "by reason of insanity." Psychiatrists reported she is not of sound mind. (AP Wirephoto.)

Pay Hike For Non-Operating Rail Workers Recommended

WASHINGTON (AP) — A fact-finding report filed at the White House Monday recommended a quarter billion dollar annual boost in wages and health benefits for 750,000 non-operating employees of the nation's railroads.

The report, submitted by an emergency board named by Presi-

dent Eisenhower, said the employees should get a 1 1/2 cent hourly pay increase, plus an added two cents per hour payment toward their health and welfare plan.

The 1 1/2 cent an hour increase compares with 10 cents an hour offered by the carriers and a 27-cent an hour increase sought by the dozen rail labor unions involved.

The board recommendations are not binding on either side, but such suggestions usually form a settlement basis.

The workers involved are telegraphers, clerks and others who do not actually operate the trains. They presently average \$1.78 per hour.

The emergency board recommended that the 1 1/2 cent per hour pay boost be effective as of Dec. 1. It suggested the additional welfare financing become effective next March 1.

Under the health-welfare plan in effect since last March 1 the carriers and each employee have shared the \$6.80 per month insurance premium for each worker, Monday's recommendation was that the railroads assume the full cost.

Many Affected Here

If the recommended pay hike for non-operating railroad employees were approved, approximately 1,177 Lincoln people would be affected.

Of this number, 1,100 are employed by the Chicago, Burlington & Quincy Railroad.

The Missouri Pacific Lines has about 12 non-operating employees; Rock Island Lines approximately 40, and the Union Pacific Railroad Co. about 25.

Condition Fair
Mabel Nixon, 39, of the Arrow Motor Court at 2500 West O., was reported in fair condition at St. Elizabeth's Hospital. She suffered severe injuries in a two-car collision on Highway Saturday.

Rev. Carroll Dies

MILWAUKEE (AP) — The Rev. Joseph Carroll, 63, retired director of the Marquette University physics department and a widely known seismologist, died Monday at St. Joseph's Hospital.

Ordinance Defines Carol Playing Limits

An ordinance to clarify the use of loudspeakers for playing carols and other music has been passed on three readings by the City Council.

The measure carries the emergency clause and thus becomes effective upon publication. Previously, the playing of music or any other sound reproductions on a speaker device was controlled in two other general ordinances.

The new measure places the subject in one law. The ordinance forbids all types of sound reproduction machines in public or private places when such reproduction could constitute a nuisance.

One exception permits churches to ring bells and the use of chimes or a carillon of bells. The ordinance also provides for the obtaining of a permit from the city for using sound reproduction devices to play music for the general public.

The City Council, however, has turned down three permits sought under the old laws.

Gen. Merrill, Jungle Fighter Leader, Dead

FERNANDINA BEACH, Fla. (AP) — A heart attack at a motel took the life of Maj. Gen. Frank D. Merrill, 52, New Hampshire highway commissioner and leader of a famed band of World War II jungle fighters.

The retired Army officer was stricken in his room a few hours after eating supper with his wife; State Highway Engineer Richard Burnell and Mrs. Burnell.

Merrill, whose three battalions of specially trained jungle fighters in the Burma campaign called themselves "Merrill's Marauders," was a graduate of the U.S. Military Academy at West Point, N.Y.

GOC Discusses Plans For Tower

Plans were discussed Monday evening for a new 30 foot Ground Observer Corps observation tower at a meeting of the building and finance committees of the Ground Observer Corps.

The proposed tower will be constructed at 30th and D Streets at a cost of about \$2,000. The tower will be an aluminum and glass enclosed building eight feet square. It will sit on four 30-foot poles donated by Consumers Public Power District.

While the committees were meeting in the state Civil Defense office, two other simultaneous meetings of the American Legion and Elks were being held to determine how to raise funds.

Observer Corps committee members agreed that the new tower should be safe, attractive, comfortable and convenient.

Committee members will attend a general city-wide Ground Observer Corps meeting Tuesday night at 8 p.m. at the Union College Administration Building.

Everyone interested has been invited to attend to offer ideas or suggestions to the committee.

Finance committee chairman is Mrs. Forrest Gibbs and George Vlasnik heads the building committee.

Nebraska College Presidents Express Jubilation

By SUE RAMEY
Star Staff Writer

The presidents of the seven Nebraska colleges and universities receiving money under the Ford Foundation's \$260-million dollar grant to privately-supported, regionally-accredited liberal arts and science schools in the nation were on the whole jubilant at the announcement of the grants Monday night.

Chancellor A. Leland Forrest of Nebraska Wesleyan University, which received \$157,100, said,

"This grant is in keeping with our present program to raise \$100,000 for current operation in the next two years. Most of the new money was to be used to further increase faculty salaries."

Chancellor Forrest said the grant will certainly mean the university will be able to make additional salary adjustments next year.

"Very Thankful"

The Very Rev. Carl M. Reinehart, S.J., president of Creighton University at Omaha, said, "We are very thankful to the trustees of the

Ford Foundation for this generous grant." The university is to receive \$517,100.

"We are particularly happy that our grant includes an additional sum in recognition of Creighton as one of the 126 institutions in the U.S. which has led the way in improving the status of American college teachers," Father Reinehart said.

Creighton and Midland College at Fremont both received sums in addition to the regular grant which will not be subject to the restrictions connected with the regular

Here In Lincoln

Future Power Topic — P. T. Baird, general operations superintendent for Consumers Public Power District, will speak on "Future Power Requirements for Nebraska" at the meeting of the Engineers' Club of Lincoln Dec. 19 at 6:15 p.m. at the YWCA.

Witnesses Refuse To Give Testimony In Nemaha Suit

AUBURN, Neb. (AP) — Two witnesses declined Monday to testify in a suit against John P. Moren, Nemaha County commissioner.

Moren, who owns earth moving equipment, is alleged to have done business with Nemaha County. The taxpayers' suit against him seeks recovery of about \$25,000 in county payments.

Involving the fifth amendment in refusing to answer questions in a deposition Monday were Robert Skeen and Melvin E. Mullenax.

Both read prepared statements of refusal to answer most of the questions put to them regarding relations with Moren and the county.

The suit was filed after a 1954 state auditor's report which called attention to Moren's apparent endorsement of Nemaha County warrants to Mullenax and Skeen.

Chaucey C. Sheldon of Lincoln is attorney for the plaintiffs.

Longest Air Route

TOKYO (Tuesday) (INS)—The newspaper Mainichi reported that Russia is planning to set up what may be the world's longest air route from Moscow to its observation bases in the Antarctic.

The Tokyo paper, quoting "informed sources," said the Russians explained their plan at an international geophysics conference in Brussels last September and received the support of South Africa and New Zealand delegates.

"Ben-Gay gave me a new lease on life—relief from pain!"

Says Mrs. Louise Pirz of Lynnbrook, Long Island.

"I had tried many other products before I discovered Ben-Gay," writes Mrs. Pirz, "but they didn't give me the real relief I wanted from the pains in my shoulder and arm. To tell the truth, I felt as though I were only half alive. The pain bothered me that much!"

"What a difference with Ben-Gay! The pain eased up in no time. I wouldn't be without it!"

Yes, there's nothing like BEN-GAY! Its world-famous scientific formula contains up to two and a half times more of two of famous pain-relieving agents than any of five other widely offered rub-ins. BEN-GAY's exclusive medication works two ways: First, it stimulates the blood supply to the painful area. Second, its pain-deadening action goes to work instantly to bring warm, soothiing relief.

If you suffer the distress of muscular or rheumatic pains see what welcome relief Ben-Gay can bring. BEN-GAY acts fast where you hurt!

Sen. George Sees Tax Cut During 1956

WASHINGTON (AP) — Sen. George (D-Ga) Monday predicted a cut in income taxes, perhaps as large as 3½ billion dollars, in 1956.

George told reporters he sees "no reasonable prospect" of a larger cut. He said he personally favors increasing personal tax exemptions from \$600 to \$700 as a starting point, a step which would benefit all taxpayers but would give the biggest cut percentage-wise to the low income groups.

If Congress decides to assist middle income groups, George said, this probably would involve some adjustment in the tax rates.

George said he sees no prospect of any reduction in corporation or excise taxes "with the possible exception of some readjustment of one or two excise taxes."

The senator said he expects Congress will pass some form of highway improvements program which he believes, would make corporation cuts unfeasible.

Midwest Roofing for all types of Roofs and Siding. 5-2510—Adv.

Suit for \$11,202 — A \$11,202.40 accident suit has been filed in Lancaster District Court by Mrs. Myrtle A. Dunn against Lyle V. Everson and DuTeau Chevrolet Co. Suit for personal injuries and property damages arises out of a two-car collision on Aug. 3, 1954, at 63rd and Aylesworth. Mrs. Dunn was a passenger in the car driven by her husband, Harry A. Dunn. Everson is the alleged driver of the car owned by the defendant company and its alleged agent.

Lightening Its Duties

If members of the Nebraska Unicameral legislature actually want to do something about the Nebraska State Board of Control they can relieve the board by taking from it some of its routine.

There never was any very good reason why the Nebraska State Board of Control should have been given responsibility in the administration of the old age assistance program. That program came into existence years after the Board of Control was placed in charge of state institutions—more than 25 later, in fact. The state does not maintain institutions for the aged—if there are any old age assistance clients cared for in homes maintained for that purpose then the homes are operated privately. A former Ne-

DREW PEARSON

Ike's Decision Delay

Irritates Taftites

WASHINGTON — The long-concealed irritation of Taft Republicans over the delayed decision on Ike's ability to run again is now coming out into the open.

It may or may not be good policy to turn old age assistance back to the governor. That is something for the public to say. But in taking care of the state's institutions, the board now has its hands full and should never have been asked to take on more.

For The Three R's

The Nebraska State Education Association's delegate assembly closed its December meeting here approving a committee report that teachers re-emphasize competency in the three R's.

One cannot fairly take that to say that educators are pleading guilty to forceless and unfocused teaching. But it does say that there can be improvement. It is to be hoped that their recommendations will receive prompt and all-out support in every classroom.

In all of this debate over courses of study, federal aid to education, the building of more expansive, more fully equipped buildings there are principles which should not drop from sight. Buildings of course are needed; facilities, too.

Humphrey Reverses Himself

No one can deny that Secretary Humphrey would dearly like to balance the federal budget—a wish shared by virtually all of his fellow Americans. Second to that is his wish to lower taxes which, too, is right in line with general thinking.

With that in mind one can better understand his off-again-on-again statements about his administration's future. Three times in almost as

Of Men And Things

By J. E. LAWRENCE

Omaha is not the only rapidly-growing, metropolitan American community which at this time seems to be suffering from an outburst of violent crime. In whatever direction one turns life has become very cheap in the United States, and apparently unless murder can be curbed, promises to become cheaper. Eight unsolved murders—two ruthless, cold-blooded and mysterious shootings in less than a week—understandably have the people of Omaha and their law enforcement agencies nervous and jittery.

Omaha is growing rapidly, nudging toward the 300,000 mark in population, a metropolitan city in every sense of the word but that hardly can be pointed to as an explanation for the crimes that have shocked Omaha's people. The Omaha World-Herald, which is offering rewards for information leading to the unraveling of the latest two murders, has another view of it: "While at this writing nobody knows the motive for the murders or the identity of the murderers the many major crimes which have taken place here suggest that Omaha has become a hangout for racketeers, thugs and gamblers. The police have not come to grips with that situation. They evidently have let the word get out that Omaha is hospitable to hoodlums. That judges, prosecutors, and other law enforcement officials must take a good share of the blame, too. By in-terminable delays, by carelessness in handling evidence, they have been letting the underworld get away with murder—literally as well as figuratively." Naturally those living beyond the borders of Omaha in outstate Nebraska are in no position to judge whether the Herald's blunt, harsh language is justified. But if it is true that there has been a breakdown of law enforcement in Omaha then the state itself may be forced to step in. Nebraskans are interested only slightly less than the people of Omaha in seeing to it that the current crime wave is wiped out.

Santa Claus is coming in for sharp criticism from sources who believe that he is being greatly overdone and somehow is in competition with the Christian institution of Christmas. It is a subject that will never find all minds in agreement.

It is true that America, never more prosperous than today, is buying gifts in an unprecedented volume and that modern communication and ingenuity are giving Santa Claus the biggest build-up he has ever known.

But it can also be said that the spirit of giving and the good will that goes with it is the ancient and cherished kind—more actively demonstrated now-a-days because the means have grown. The love that glows so brightly around the tree on Christmas morning is still the tender and gentle force that has always made Christmas a most priceless human observance.

If there is to be a principal inquiry it must be of the substance, not of the form. The answer to that is not to be found in dealing with round numbers. The question rather is answered in the heart of each American in the quietness of his own self examination.

Laudable Mission

Because nuclear developments are opening a whole new field in public health the Nebraska State Health Department will be asked to send a representative for special training to a short term school at the Robert A. Taft Sanitary Engineering Institute, Cincinnati, during January.

The proposal will be endorsed by all Nebraskans and the only questions it raises are those of: Is it the best school, and is the course long enough?

Unquestionably the nuclear age with its impressive promise of good things will bring its own problems as well and Nebraska presently standing among the first in line in adapting atomic energy and nuclear radiation to peacetime uses must be first to be informed on the subject of atomic health.

We Wonder

The Internal Revenue Service has announced that it will no longer give help in filling out income tax forms unless the taxpayer is illiterate, incapacitated or unable to read English. We wonder if that means the government is going to start using the English language in addressing its citizens?

PRESIDENT BUCHANAN

A Study In A Love Tragedy

By PHILIP SHRIVER KLEIN
Head of history department at
Pennsylvania State University
and
President of Pennsylvania Historical Association
(Condensed with the permission of "American Heritage," the magazine of history)
(Distributed by International News Service)

JAMES BUCHANAN

One of the strangest mysteries in American history is the story of Ann Caroline Coleman and James Buchanan, a tale of blighted romance which ended with the tragic death of the lady and a pledge of lifetime bachelorhood by the future president.

An one who pauses to consider the implications of this episode must instinctively frame the question: How different might have been the course of American history had James Buchanan married Ann Coleman and devoted his life to rural domesticity and the practice of politics?

The setting for this mystery was the little town of Lancaster, Pennsylvania, in the early years of the nineteenth century.

Robert Coleman, Ann's father, had come to America from Ireland as a youth of sixteen. He went to work as a laborer at the Hopewell Iron Forge, later became a clerk for James Old, famous ironmaster of Reading, Pennsylvania, and capped his fortune by marrying Old's daughter.

As a self-made man, he was conscious of his wealth and always suspicious that others had designs on it; as a member of the newly rich, he was sensitive about social prestige.

In 1809, the same year that James Buchanan came to Lancaster, Robert Coleman also moved to the city where he established his family in a large brick mansion on East King street, just half a block from the courthouse on the square.

Ann Caroline Coleman was the outstanding "catch" of Lancaster in 1819. It was for that reason, perhaps, that she was still unmarried at 23. Her wealth and social position were enough to awe the timid; her father's protective care created a shield against the overzealous. She was by all accounts a slim, black-haired beauty with dark lustrous eyes.

Under ordinary circumstances it might have been considered presumptuous for a young unknown of no particular family background to pay court to the beautiful daughter of the town's chief citizen, and it seems as if father Coleman inclined to this view. But the circumstances were not quite ordinary. By 1819 Buchanan had built a fine reputation in politics and the law.

Democrats couldn't be happier. "It's as if the Republicans dropped a few million dollars in our coffers and presented us with some of their TV time," one declared. "If we had said that this was how most Republicans felt about labor, it would have landed back with the corn cures. It's been a wonderful week."

A labor brainstruster also felt relaxed.

"Here I've been struggling to put the issues of the campaign in form so that our people would understand what we've been up against in this administration, and I was getting nowhere. We can forget the explanations. If someone is beating you over the head with a meat-axe, the thing ceases to be academic. You know he doesn't like you and you aren't going to respond with any love or affection either."

(Copyright, 1955, by U.P. Syndicate, Inc.)

DORIS FLEESON

GOP May Force Labor To Fight

WASHINGTON — Up to two months ago, labor by and large was politically sleepy and apathetic. The labor force was luxuriating in full employment and down payments on the golden flood of comforts and conveniences it was helping to produce.

The labor press and labor leaders continued to warn that the Eisenhower administration and its big business allies did not really like labor. But the rank and file was proving much less than responsive and was decidedly allergic to prodding. Some of the leaders themselves were only going through the motions without much real conviction.

Since then, Republican politicians and businessmen have mounted a steadily rising offensive against labor leaders and their unions. It was kicked off of course by the merger of the AFL and CIO, but it has spared none; sturdy and stable George Meany, the conciliatory senior spokesman of the AFL, has been harbored as hard as the creative intellectual, Walter Reuther.

What the attackers may well be doing is helping to create the thing they fear, and when they fear is that union leaders can and do dominate their members politically in favor of the Democrats.

For a favorite legend of the Republicans says that these leaders empty union treasuries for Democratic candidates and then drive their members to the polls to vote

E. E. FENTON
Chairman, Dedication Committee

Sees No Future

Lincoln, Neb.

To the editor of The Lincoln Star: Mr. Taxpayer, do you know why the Board of Control, possibly assisted by the Governor, so often appoints people to certain top administrative positions, who have had little or no experience in that particular field?

Some time ago I visited a friend who had been an employee of the state for many years. We had often wondered why he had not received an appointment as warden at the penitentiary or even superintendent at the reformatory. I asked him the above question. His answer was that top positions seem to be filled on the basis of personal friendship or more often appear to be political pay-offs.

In going over the appointments by the Board of Control during the past few years, the above answer seems logical. A couple of county sheriffs, a capitol custodian, school superintendent, a member of the highway patrol, and an ex-Colonel who had been in charge of army disciplinary barracks. The latter's experience would not qualify one for the warden's position nor for that matter for the position of State Penologist.

When such appointments are made, who runs the institution until the new appointee learns the business? If the experienced employee can run the institution until the new man can "take over," why not appoint a qualified employee in the first place? If qualified people do not exist within the institutional personnel, then there is something terribly wrong with the system. Or is it the lack of system?

It is logical to charge the destructive fires at the penitentiary and the reformatory to the expense of educating or training a new warden and a new superintendent. Three hundred thousand dollars is a lot of money to pay for such education, especially when trained personnel was available for nothing.

What does an employee with years of experience and training have a right to expect? Nothing from the Board of Control. Any

AUF DRIVE NETS \$9,650

A total of \$9,650 was collected from students and faculty members during the 1955 All University Fund drive at the University of Nebraska.

The amount, to be used for charity, was announced by AUF president Andy Smith of Central City.

The donations will be divided among five charities with World University Service receiving 25 per cent, the American Cancer Society, the American Heart Association and Lincoln Community Chest, 20 per cent each, and the Lancaster County School for Retarded Children, ten per cent. Five per cent is placed in the AUF's expense and emergency fund.

The organization's new officers for 1956 are: Jeanne Elliot, daughter of Mr. and Mrs. J. G. Elliot of Scottsbluff, president; Sam Jensen, son of Mr. and Mrs. Harry Belmont of Omaha, secretary; and Art Weaver, son of Mr. and Mrs. Arthur J. Weaver of Lincoln, treasurer. Outgoing President Smith is the son of Mr. and Mrs. Charles L. Smith of Central City.

Free Transportation

DETROIT (AP) — The city-owned transit system says it will pick up 18 persons who will ride to and from work free. One month the appointees will drive their own car and the next month will travel by bus. The reason: To provide the public with specific proof that it is much cheaper and probably faster to ride the bus than drive.

Dr. Walter Kidd Wins Poetry Prize

Dr. Walter E. Kidd, former instructor of English at the University of Nebraska, was a winner in the 1955 New Poetry Contest for his booklength manuscript of poems, "Slow Fire of Time." Dr. Kidd was on the University

staff from 1946 to 1948. He writes under the pen name of Conrad Pendleton.

"Slow Fire of Time" will be published in the late spring of 1956 in the format of the New Poetry Series. The poems to be included have others.

Canary Singers

A gift of love, cheer and beauty . . .
a gift the entire family will enjoy

\$10.95

Select yours now from our large selection of fine imported canary singers. White, orange, red-orange, mottled & yellow. We will hold till Christmas. Our Birds are GUARANTEED SINGERS.

BUDGIE PARAKEETS

You will love these colorful, active pets. Train them to play with the family, do tricks and even talk. Good, healthy, young birds in blue, green, etc. Large assortment of budgie play toys.

'H-Bomb' Lighting Possible

Like Radium
Dial Watches

By FRANK CAREY
Associated Press Science Reporter
CLEVELAND — One of the ingredients of the hydrogen bomb offers possibilities for emergency illumination in public buildings and other places, a nuclear science and engineering congress was told Monday.

An official of the U.S. Radium Corp. said that tritium, an H-bomb material, and a variety of other man-made radioactive substances producible in the atomic program show promise of providing a new and improved method of furnishing "self-luminous" illumination.

That's the same kind of lighting that has long been used in radium-dial wrist watches, enabling a person to see the dial in the dark. Atomic rays from the radium activate a so-called phosphorescent material which "glows" continuously.

Safety Workings

C. W. Wallhausen said that tritium and certain other substances offer an improved means of activating such phosphorescent materials for application in such things as "safety markings" in public buildings, commercial aircraft, mines "and many other areas where electrical failure may occur, or where other sources of illumination are not available or may not be desirable."

They've also been successfully used experimentally in such applications as markers for ship channel buoys, in signalling equipment for use in life rafts, and for "low-level general illumination," he said.

He told the congress—sponsored by 26 American scientific and engineering societies—that while radium and certain other radioactive materials of its general class also have been employed for some of these uses, they are more costly to use and have certain other disadvantages compared with the class of radioactive materials now undergoing intensive study.

Council Hearing On Condemnation Set For Jan. 9

The City Council has set the date of Jan. 9, 1956 as the time for hearing on the recommendation of the city building inspector for condemnation of three downtown buildings.

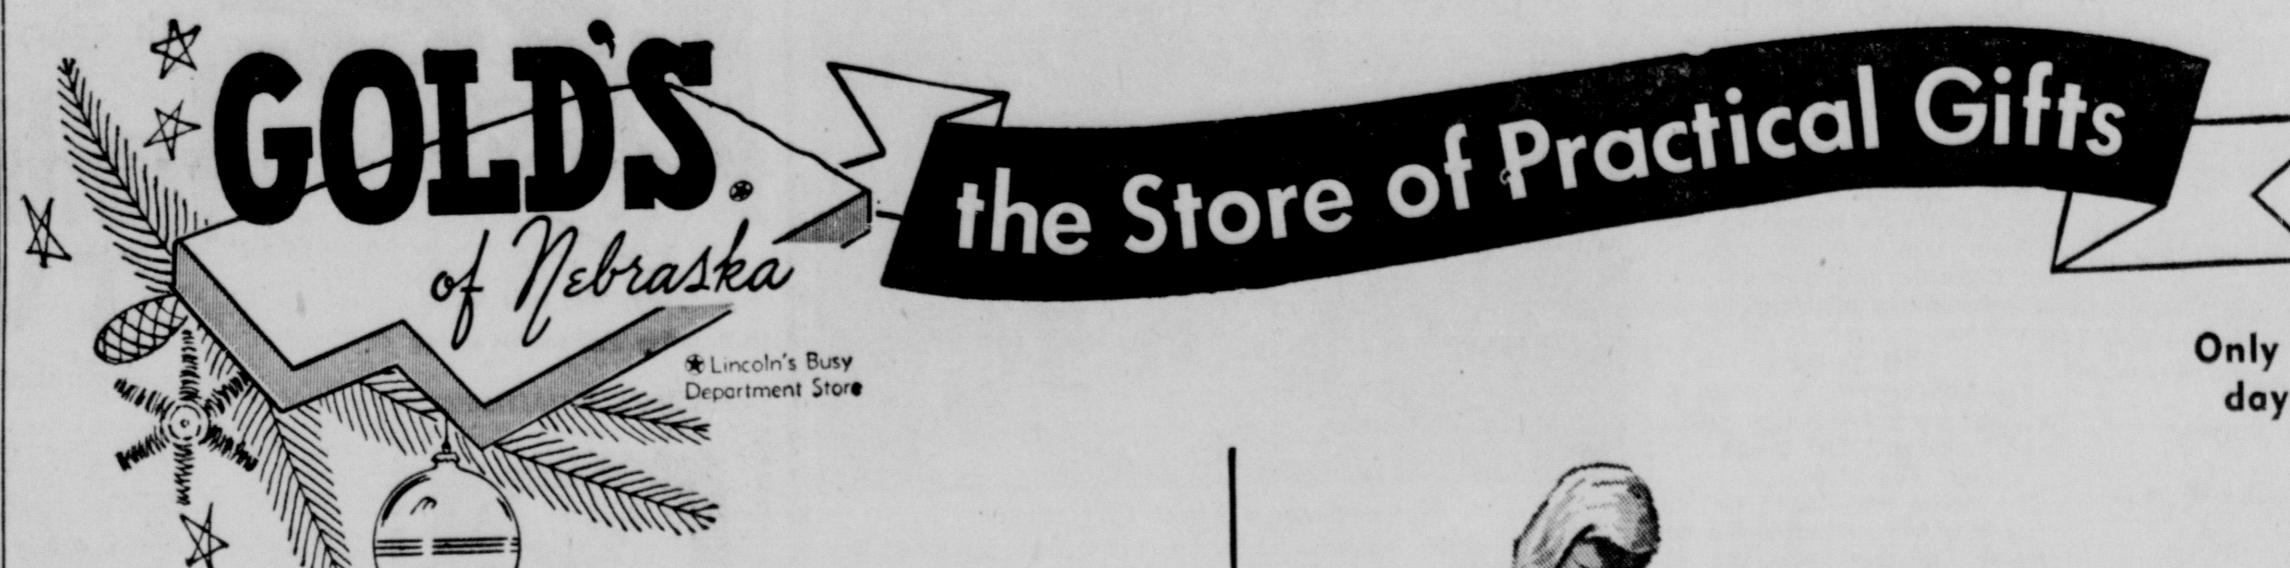

The structures involved are located at 942 P, 946 P and 1000 P. In a resolution approving the date for hearing, the buildings are reported to be "by reason of age and dilapidated condition, dangerous and prejudicial to public health and safety, and constitutes a public nuisance and should be removed immediately."

In recommending "complete condemnation," Building Inspector Ed Vorhees said that recommendations would be made on other downtown buildings as soon as final inspections could be completed.

Lands Oil Royalties Bring \$36,139

... State School Property Values Also Reduced

Royalties from the 51 oil wells on state school lands brought in \$36,139 in royalties in October. Secretary Robert D. Hiat reported to the Board of Educational Lands and Funds at its meeting Monday. He said the four gas wells returned \$560.

The oil wells produced a total of about 93,955 barrels a month. The bulk of the wells on state school land are in Kimball County, where 44 are producing. There are five in Cheyenne County and two in Banner County. Three of the four gas wells are in Deuel

County and one in Cheyenne County.

The value of state-owned school lands in 15 counties was reduced by the State Board, effective July 1, 1956.

The action, in effect, cuts rents 20 per cent on cultivated land, five per cent on grazing land and 15 per cent on hay land.

Under state law, the board once every three years must re-appraise the state-owned lands.

Rental 6 Per Cent

The annual rental is six per cent of the appraised value of the land.

The board's action Monday affects Arthur, Banner, Cheyenne, Deuel, Dundy, Garden, Keith, Lincoln, Logan, McPherson, Morrill, Perkins, Scotts Bluff, Sioux and Kimball Counties.

Vote on the motion was 2-1, with William Minier, Omaha, dissenting. Clyde Cretsinger, Paxton, and J. J. Delay, Norfolk, voted for the reduction.

Not Voting

Board Chairman Tom Coffey, Alma, did not vote and the other board member, Carl Deitemeyer of Lincoln, was absent.

The action was based on low prices for farm products and unfavorable weather conditions.

Coffey proposed that the same action be taken on school land in Chase, Hayes, Frontier and Hitchcock Counties. Because of legal technicalities, consideration of these counties was postponed until the board's Jan. 8 meeting.

Chairman Coffey said: "This is a matter of getting the rental down to where a man can operate profitably, but not to reduce it to where the school land operator has a premium."

5 Delegates

More than 50 delegates Monday

heard Nurseryman Jack Hill of
Lundee, Ill., explain a system of
growing tree saplings in tin cans
instead of in the ground. The system,
he explained, saves labor and
captures the entire root system for
replanting.

Robert E. Campbell of Lincoln
said virtually all roses grown in
Nebraska are produced in a container.

Marshall outlined the hopes of
the group to include a road beautification
provision in highway legislation as introduced in Congress.

The plan would coincide with a
proposed uniform plan for all
states.

He also explained efforts made
to comply with federal housing
regulations as they affect land-

scaping of FHA financed homes.

Andrews New Prexy

William Andrews of Omaha, was
named new president of the group.

Don E. Gudmundson of Lincoln
was elected vice president and
James B. Elliott of Fremont was
chosen as secretary-treasurer.

A research group for plant re-

search to work with officials at
the College of Agriculture is in the
planning stages. When the college
develops new varieties the group
would reimburse the research de-

partment on a per plant basis to

remove the causes of your troubles.

Nurserymen Elect Officers

Members of the Nebraska Association of Nurserymen elected their new officers at their annual winter meeting in Lincoln. From left they are: William L. An-

drews of Omaha, president; Don E. Gudmundson of Lincoln, vice president and James B. Elliott of Fremont, secretary treasurer. (Star Photo)

Modern Architecture Changed Shape Of Planting, Meet Told

The present immense building and the type of architecture being employed has and will have a great effect on the nurseryman's business, Vernon Marshall of Arlington, president of the American Association of Nurserymen, said Monday in Lincoln.

Marshall, attending the two-day annual meeting of the Nebraska Association of Nurserymen and state association president William Andrews of Omaha, noted a greater awareness on the part of home owners for the need of professional landscaping.

Modern one-story constructions have cut the need for taller trees and plants and consequently more shorter varieties and shrubs are being landscaped, they said. They also noted an increase in combination-planting both evergreens and shrubs-creating an informal type of landscaping for the modern informal-type architecture.

Marshall warned that the extended dry summer made it necessary for plant owners to water as long as the ground will take water in order to help the thirsty plants survive the winter.

Carbon Monoxide Kills Sleeping Man

Trucker Dies In Refrigerated Trailer

NORTH PLATTE, Neb. — Carbon monoxide poisoning caused the death of a 33-year-old trucker who went to sleep in a tightly-closed refrigerator trailer between Ogallala and North Platte, County Coroner J. C. McIntosh said Monday.

Walter Haller of Stuttgart, Ark., was found dead early Monday at the North Platte weighing station.

McIntosh said Haller and his stepbrother, Hershel Eagle, also of Stuttgart, had loaded their semi-trailer truck with potatoes at Gering Sunday afternoon.

Used Charcoal Heater

The trailer was a refrigerator type but they used a charcoal

Business Activity Gains 10 Per Cent Over Year Ago

OMAHA — Business activity in a seven-state region including Nebraska reached a peak gain for the year in November.

M. L. Woodburn, manager of the Omaha Chamber of Commerce Industrial Department, said a report from Rand McNally and Co. credits the region with a 10 per cent gain over November, 1954.

Woodburn said the seven-state area has shown increases in business activity each month this year.

SHOP FOR WHISKEY AS SHARPLY AS YOU BUY A CAR...

...ask these 5 questions:

1. **WHO MADE IT?** You are entitled to know whom to hold responsible for quality. All our whiskey is labeled "Distilled and Bottled by..." Every drop comes from our family-owned distillery.

2. **WHAT'S THE MAKER'S REPUTATION?** If you can see who he is ask anyone in the business about it. We invite you to ask our competitors' opinion of us and the quality of everything we make.

3. **WHAT KIND?** Straight, Canadian or Blend? We have never made—and never

will—anything but straight Kentucky Sour Mash Bourbon. Costs us more, but it puts the flavor in naturally.

4. **WHY THE PRICE YOU ASK?** Some prices seem low until you fully understand the values in this business. Our prices are low—considering all you get.

5. **WHAT'S THE PROOF?** CABIN STILL is bottled at an exact proof which is the balance in our whiskey between "horsepower" and flavor.

Have a chat with your friend the retailer about the straight facts in this whiskey business. More often than not, he'll tell you to buy CABIN STILL—after you have tried it, you'll be glad you did, and thank him for his tip.

—Crete Man Named—

Education Group Elects

David Osterhout of Crete is new president of the Nebraska Council for Better Education.

He was elected at a council meeting in Lincoln Monday.

Mrs. Clarence Nelson of Holdrege was named vice president and Richard E. Johnson of Lincoln was re-elected secretary-treasurer. Also elected were Mrs. Leonard Campbell of Norfolk and Mrs. A. E. Hanneman of Lincoln, directors.

Mrs. J. E. Conklin of Hubbell, outgoing president, was elected an honorary member of the Council.

Ceil Hartung of Minneapolis, regional director of the National Citizens Commission, discussed the recent White House conference on education.

He said that other than federal aid to education, improvements will have to be made on a local level.

R. L. Fredstrom of Lincoln re-

HASTINGS MAY CONSTRUCT 61-ACRE ARTIFICIAL LAKE

HASTINGS, Neb.—Construction of a 61-acre artificial lake for recreational purposes is under consideration here.

The Board of Public Works recommended that the City Council and Planning Commission give serious consideration to the plans.

The proposal was called for by the board as a possible means of disposing of circulating cooling water from the power plant, necessary with installation of a new generator.

Two earthen dams, a spillway and a diversion channel would be required in addition to a discharge line from the plant, according to the consulting engineers.

Engineers estimated the cost would be \$139,750 plus land acquisition.

Site proposed for the artificial lake is northwest of 12th and Baltimore.

The consulting engineers' report said "further development of the area into a city park would be of additional benefit."

Other benefits listed in the report were "making it possible to create a second lake north of the city, removing the flood threat to the area along Baltimore Avenue and providing a fresh water supply through the existing lake north of the city."

Cost estimate for the proposed artificial lake is \$62,690 more than the estimated cost of a present plan for discharging the water through Heartwell Lake.

The report said discharge through Heartwell would be adequate for the present expansion but insufficient for expansion expected to be needed in five or six years.

Major cost of the artificial lake

—Ballistics Tests—**Cops Compare Bullets That Killed Cabbie**

OMAHA (AP)—Omaha authorities Monday received a .32 caliber automatic taken from a man being held in North Platte for questioning in connection with the slaying of Erik William Burkhardt.

Police said extensive ballistics tests were being made to try to determine whether it fired bullets recovered from the body of the 62-year-old cabbie who died last Monday.

Douglas County Chief Deputy Sheriff Jack Knudtson identified the man as Harold Glenn Carfield, 20, arrested at McCook as a hold-up suspect.

His wife was quoted by police as saying Carfield was in Omaha last week end.

Sen. Hruska Thinks President Will Run

OMAHA (AP)—Sen. Roman Hruska predicted Monday President Eisenhower probably would seek re-election.

Addressing a Chamber of Commerce luncheon gathering, the Senator declared:

"President Eisenhower, in my judgment, will be a candidate for re-election subject only to an adverse medical report or other circumstance not now known."

Sen. Hruska said when President Eisenhower makes his decision, it will be in response to a sense of duty on his part.

Certainly, the Senator said, it will not be to further any personal ambitions or for further honors.

When he makes his decision, Hruska said, it will be in response to "that consuming desire on his part to advance the cause of world peace," he said.

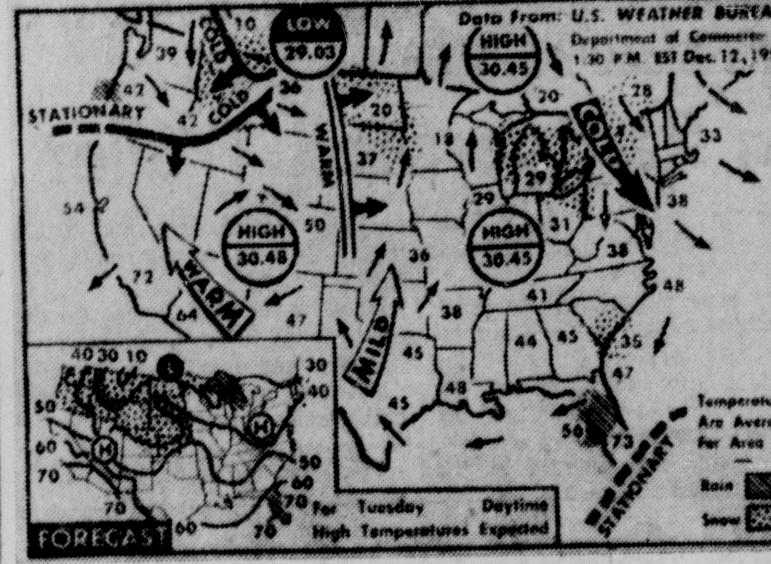

County Officials To Meet In Omaha

OMAHA (AP)—Several hundred county officials are expected to attend sessions of the 61st annual convention of the Nebraska Assn. of County Officials here Wednesday through Thursday.

Meeting will be county commissioners, supervisors, clerks, registrars of deeds, veterans service officers, highway commissioners, engineers, surveyors, treasurers and clerks of district courts.

Gov. Victor Anderson will speak at a banquet Thursday evening.

Other speakers will include Sen. Roman Hruska (R-Neb.), State Engineer L. N. Ress, Federal District Engineer William S. Mackintosh, Secretary of State Frank Marsh and state Tax Commissioner Fred Herrington.

Demo Chairman Charges GOP 'Aggressor' In Class Warfare

WASHINGTON — The running dispute between Democrats and Republicans over which party is waging class warfare brought from Paul M. Butler, Democratic national chairman, Monday the charge that Republicans are "the aggressor."

"Dangerous, divisive warfare which the Republican party has fomented and fought for a good many years," he called the GOP's actions.

Butler didn't say so but his blast obviously was aimed at Leonard Hall, Republican national chairman, who charged on Saturday that "for 25 years the New Deal and Fair Deal spokesmen have waged a class conflict."

Hall's statement countered a charge by Adlai Stevenson that certain Republicans are "playing ugly politics of group conflict and hatred." The GOP chairman labelled as untrue and "sheer bunk" the accusation made by Stevenson, candidate for the Democratic presidential nomination, in a speech last Thursday before the AFL-CIO convention in New York.

Butler's statement said: "Every time a Democrat suggests that wealthy taxpayers and huge corporations should not be entitled to special privileges from the federal government, the Republican party automatically fires a barrage of charges that the Dem-

ocrats are seeking to foment class warfare. The truth is there is no more harmful way of fomenting class warfare than for a political party—or a government operated by that party—to favor one group of its citizens at the expense of others, and that is what the Republican party is doing today and has done for a good many years."

Butler said: "There is no end to the example of Republican attacks upon major segments of our country."

Vigorously

He said, for example, the Republican party has vigorously opposed:

1. The aspirations of wage earners for security; it has been against adequate old age pensions and adequate unemployment compensation;

2. The efforts of workers to organize into unions and to protect their interests through collective bargaining;

3. Efforts of farmers to obtain a fair return for their labors and to participate in the nation's prosperity.

4. Efforts of farmers and work-

ers to co-operate for their mutual advantage; this administration has sought to persuade farmers that decent factory wages are harmful to the farm economy and to persuade city workers that high food prices are the fault of the farmer."

Propagandists

Butler said: "Republican propagandists" play the theme that the Democratic party is antibusiness.

"The Democratic party," he said, "is not and has not been antibusiness. The record shows that business has prospered greatly under the Democratic party and it will continue to prosper when the Democratic party returns to power in 1957."

Butler said the difference between the Democratic party and the Republican party is that the Democratic party believes that what is good for the country is good for business, while the Republican party believes that what is good for business is good for the country."

Adams Appeal In Will Case Turned Down

The Lancaster County Court Monday denied approval for an appeal bond filed by Thomas H. Adams in the Joseph F. Krenk will case.

Adams, a Lincoln attorney, had asked the court to approve a \$200 bond in connection with his stated intent to appeal from the court's decree of Nov. 16.

In that decree, Judge Herbert A. Ronin set aside an order admitting the Krenk will to probate two years ago as having been "obtained by a fraud upon this court."

Following a hearing on the appeal bond, judge Ronin found the bond in proper form, but denied approval because:

1. Oral objections by the executrix (Mrs. Ellen E. Krenk) to the bond's approval "are well taken and should be sustained."

2. Adams is not an heir, legatee or devisee of Mr. Krenk, is not a party to the action, has no interest in the subject matter, and thus "has no capacity to appeal from the order of this court entered Nov. 16, 1955."

Upheld Widow

In that order, the court upheld the petition of Mrs. Krenk asking her husband's will admitted for probate Nov. 27, 1953, be declared not the true will.

On her petition, the court set aside the first page of the then-admitted will in favor of another first page, which was produced recently in court.

The Krenk will, as originally filed for probate, included the signatures of Adams and Glendora Heuser, his ex-wife secretary, as witnesses.

Adams, as an attesting witness, had given testimony in court on which the Krenk will as filed Oct. 22, 1953, was admitted for probate on Nov. 27, 1953.

Adams also had testified last November in a hearing which resulted in the court's order setting aside the original order of probate.

Hoses, Clubs Halt German Reds' March

BERLIN — A throng of East German Communists took a beating from the clubs and water cannon of West Berlin police Monday night in a riot that stemmed from a Red march on a French sector beer hall.

A tightly organized company of 250 of the riot police turned back the invaders—estimated to number more than 1,500—after an hourlong fight and arrested 366.

Eight women were among the prisoners.

Icy Water

The Communists braved 28-degree weather and the riot cannons' icy water for a demonstration against the Stahlhelm (Steel Helmet), a World War II veterans' organization which they call Fascist and militaristic.

They headed for Bober's Tavern, where a local chapter of the Stahlhelm recently scheduled a rally for Monday night. Earlier Communist threats had frightened the tavern owner, however, and it was announced several days ago that this rally had been cancelled.

Now—more than ever—
you need one sure medication
that does more than work on chest!

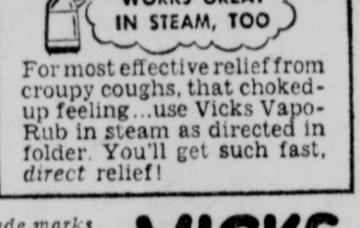

With infectious colds raging, don't gamble with unknown, untried treatments. Use the famous medication that does more than just work on the chest—Vicks VapoRub.

VapoRub also brings relief in the cold-irritated breathing passages—because it acts two ways at once:

1. VapoRub relieves muscular soreness and tightness, stimulates chest surfaces.

2. At the same time, VapoRub's special medicated vapors also bring relief with every breath.

You can't see these vapors, but you can feel them as they

For most effective relief from croupy coughs, that choked up feeling...use Vicks VapoRub in steam as directed in folder. You'll get such fast, direct relief!

Vicks and VapoRub are registered trade marks

Rub on Relief...Breathe in Relief

And for Coughs of Colds, also try New VICKS MEDI-TREATING COUGH SYRUP

Brisk Slate For Small Prep Clubs

By RON GIBSON
Star Sports Staff Member

The last big pre-season Christmas high school basketball program gets underway tonight.

No Class AA teams play tonight but action in other classes is brisk.

Gering is at Alliance in a battle of Panhandle powers. Crete is at Geneva and Blair visits a Columbian St. Bonaventure team which last week bumped defending Class A champion Omaha Holy Name.

Tecumseh and Falls City renew their Southeast rivalry, and Pawnee City meets Auburn.

In his four seasons as head coach, Trimble had a 25-20 record.

Although club officials were not present when Monday's announcement was handed to newsmen, McNamee told this reporter a week ago he felt Trimble had lost control of his players. McNamee said he felt the Eagles failed because of too much strategy and not enough emphasis on the fundamentals of the game.

The club president said he felt the Eagles had a team good enough to win the NFL championship. Since they didn't, there was only one thing to do—blame the coach.

Plans have been announced by club officials to get the "biggest name coach" available as a successor to Trimble. Such college coaches as Maryland's Jim Tatum, Kentucky's Blanton Collier, Oklahoma's Bud Wilkinson and Navy's Eddie Erdelatz are the type he has in mind.

Boston College Wins Rhode Island

BOSTON (AP) — Dick Skeffington's four successful free throws in the final 35 seconds enabled Boston College to defeat Rhode Island 75-72 Monday night in the second game of a Boston Garden double header. Providence College overpowered Tufts 76-55 in the opener.

Despite the loss, Rhode Island's Ron Marozzi scored 29 points and Bill von Weighs 22.

Center Dick Dunn, who paced the winners with 18 points, tapped in a rebound with 45 seconds left to put BC in front 71-70.

Then Skeffington converted two free-throw attempts with 35 seconds to go and after Eric Anderson canned a set shot from mid-court, Skeffington hit another pair of foul shots.

The lead in the first half changed several times, with neither team getting much of an advantage at any time.

SMU Wins Over Wisconsin 75-62

MADISON, Wis. (AP) — Southern Methodist scored a 75-62 basketball victory over Wisconsin Monday night, its second triumph over a Big 10 team this season, after having trailed 35-33, at the half.

The Mustangs, who edged Minnesota, 82-81, in an overtime contest last Saturday night, had little trouble with the Badgers after the halftime.

Center Jim Krebs, who totaled 23 points on 10 field goals and 3 free throws, tied the score 35-35 with a corner shot and forward Joel Krog scored on another corner shot to put SMU ahead, 37-35.

Badger forward Curt Mueller's layup shot tied the score 37-37, but Krog hit again from the corner to make it 39-37 and put SMU ahead to stay.

The lead in the first half changed several times, with neither team getting much of an advantage at any time.

Cathedral Mothers Honor Bluebirds

The Cathedral High School football team was honored Monday night at a spaghetti feed in the Farmers Mutual Insurance Building.

Mothers of Cathedral players and other Cathedral boosters staged the feed. The school's annual all-sports banquet will be held later.

Kentucky Wins

LEXINGTON, Ky. (AP) — Forward Jerry Bird's basket with 31 seconds left gave Kentucky a dramatic 71-69 basketball victory over DePaul Monday night after the Wildcats trailed most of the last half.

Kentucky gained possession with 1:18 remaining and the score tied and held on until Bird, a senior forward who was benched, counted the clinching goal. DePaul rebounded and Kentucky stalled it out.

Sauer Mentioned For Wake Forest

CHARLOTTE, N.C. (AP) — The names of George Sauer and Carl Wise will be submitted for consideration for the job of head football coach at Wake Forest, the Charlotte Observer will say today.

In a bylined story, Wilton Garrison, the paper's sports editor, says the two names will be submitted to the athletic council at its next meeting.

Wake Forest trustees meet Dec. 22 to consider the resignations of Athletic Director Pat Preston and Head Football Coach Tom Rogers.

Sauer recently was elevated to the athletic directorship at Baylor University, like Wake Forest a Baptist school. He was relieved as head football coach at Baylor and replaced by Sam Boyd.

Shockers Shock Huskers With 71-46 Trouncing

Lincoln Star Special

WICHITA, Kan. — Wichita U. humiliated Nebraska with a decisive 71-46 trimming here Monday night before 6,200 fans in the Shockers' new field house.

The Cornhuskers trailed, 34-26, at the half. Nebraska's scoring punch was seldom in evidence in the last 20 minutes of play.

Coach Ralph Miller of Wichita, attempting to hold the score down, inserted a flood of reserves when the Shockers held a 63-40 advantage.

Nebraska hit 27.5 of its field goal attempts, and had a 64.3 free throw average. Wichita had 42.4 per cent from the field and 45.0 per cent from the charity line.

Charlie Smith, with 15 points, was the only standout Husker player. He also nabbed the most rebounds—seventeen—for the visitors and played a fine floor game.

The game was actually determined in the first half. The Huskers started the first half in shabby fashion and grew worse as the game progressed.

Smith scored four quick points as Nebraska grabbed a quick lead, 6-1. Both clubs were cold and with eight minutes gone the Huskers held a 9-5 advantage.

Center Bob Hodgson of Wichita hit two fielders to deadlock the fray, 9-9. Close officiating seemed to throw Nebraska off balance.

Center Jim Thom left the game temporarily in the first half with three personals as Coach Jerry Bush took precautionary measures to keep his big pivot man.

However, Thom left for good late in the second half with five fouls.

Nebraska led 13-9 before Wichita got burning hot. The Shockers pushed the count to 21-13 before the Cornhuskers could dent the scoring column again.

Hodgson grabbed 14 rebounds and scored 25 points to lead the Shockers attack.

Feb. 1—Northeast; 10-11—City Meet; 17-18—State Meet.

Saddler Wins

SAN FRANCISCO (AP) — Sandy Sandler, featherweight champion, gave Dave Gallardo a wicked beating Monday night and won by a TKO when the Los Angeles puncher failed to answer the bell for the seventh round.

The score was tied nine times in the first half and six times in the second. Creighton hit 31 per cent of its field goals and tied a 21-18 edge from the floor.

Texas Western hit 31 per cent of its field shots.

The score was tied nine times in the first half and six times in the second. Creighton hit 31 per cent of its field goals and tied a 21-18 edge from the floor.

Boxing Guild Outlawed; May End Bouts In NY

By JACK HAND

NEW YORK (P)—The Boxing Guild of New York was outlawed, in effect, by the New York State Athletic Commission Monday in a sweeping move that could mean the end of boxing in New York if the managers refuse to yield.

"What's Wrong?"

He said membership in the guild is "an act detrimental to the interests of boxing."

An amendment to the commission rules, to be passed Wednesday by Helfand and Christenberry, the two members, sets a Jan. 15 deadline for managers to sever their guild membership. After that date, membership shall be grounds for a license to be revoked or suspended.

Guild officials reacted sharply to Helfand's announcement. At San Francisco, Charley Johnston, president of the International Guild, was indignant.

"What's wrong with the managers having an organization to protect themselves?" he asked.

Johnston also is manager of light heavyweight champion Archie Moore, featherweight champion Sandy Saddler and Eduardo Lausandy, a high ranking middleweight contender.

National Reaction Unknown

Managers of most of the champions and high ranking fighters are guild members. Al Weill, manager of heavyweight champ Rocky Marciano, who is a member of the New York Guild unit said in Rochester, Minn., he had no immediate statement but would "look into it."

Gus D'Amato, acting president of the local guild, was enroute from California where his light heavyweight contender, Floyd Patterson, boxed last week.

"This definitely will be the end of boxing in New York," said one manager, who didn't wish to have his name used.

It was not known whether other states would go along with the New York Commission.

Eight Points

In Chicago, Lou Radzienda, president of the National Boxing Assn., said "I will have no comment until I receive the official directive of the New York State Athletic Commission."

Helfand summarized the evidence against the guild in eight points.

1. Its records are haphazard, officials and members are vague on operation.

2. Matchmakers, promoters and seconds are permitted to be members, creating dangers of monopoly.

3. A conspiracy existed to "ground" welterweight Vince Martinez after a dispute with his manager Billy Daly (Martinez finally signed a new contract with Daly after several months on the sidelines).

4. Out-of-state managers were compelled to "cut in" a New York manager to get a fight in New York.

5. Guild bargained for TV contracts and neither fighters nor promoter had freedom of bargaining.

6. Association with criminals.

7. Promoter Ray Arcel paid \$17,000 to the Guild magazine for assurance of cooperation in his Saturday night TV fights.

8. Collection of \$100 fee from each main event fighter appearing on TV circumvented a previous decision by the commission.

Tatum Angered By Job Rumors

COLLEGE PARK, Md. (P)—Recent guesses that he is going to leave Maryland and coach football somewhere else have gotten under Jim Tatum's skin. He termed them a "damned joke" Monday.

"I'm pretty fed off about them," he said. "It's ridiculous. You'd think I was out applying for a job."

"Why don't you stop them all by saying definitely you'll be back coaching Maryland next year?" he was asked at a news conference.

"I've said that 100 times and I don't remember ever saying anything else," he said heatedly.

Succinct Trimble?

The latest report, from Philadelphia, has him being considered as successor to Joe Trimble, who was fired as coach of the National Football League Eagles Monday.

And as usual for almost every year in the past several, Tatum has been reported heading back to his alma mater, North Carolina. Texas also was named as his next move this year in another rumor.

"The Maryland coaching job is one of the easiest in the United States," he said in giving his reasons for remaining.

"There is no pressure, no team we 'have to beat.' We have an abundance of material. It wasn't always that way in my first couple of years here, but now boys who want to play good football come to us instead of us having to seek them out."

"There is no other athletic-minded university in the state except Navy with which we have to compete."

And he added the road to a post-season bowl game isn't exceptionally tough since the best team in the Atlantic Coast Conference automatically goes to the Orange Bowl. Maryland is going for the second time in the three years since the Orange Bowl agreement was inaugurated and will play Oklahoma again.

Earlier Monday, a source close to Maryland football said Tatum already has agreed to coach at North Carolina.

The source declined permission to use his name.

Tatum played college ball at North Carolina and coached the Tar Heel squad for one season during World War II before moving to Oklahoma and then to Maryland. It has been reported that George Barclay, present North Carolina coach, will not be rehired.

Tatum could not be reached for comment on the report.

Northwestern Football Staff Fired By Holcomb

By CHARLES CHAMBERLAIN

EVANSTON, Ill. (P)—The new broom swept clean Monday at Northwestern as Stu Holcomb, athletic director less than three days, fired head football coach Lou Saban and his entire staff.

The housecleaning was Holcomb's first move since being placed in complete charge of the Wildcats' athletic situation after being hired from Purdue, where he had served as football boss since 1947.

"This definitely will be the end of boxing in New York," said one manager, who didn't wish to have his name used.

It was not known whether other states would go along with the New York Commission.

Two Dismal Seasons

"I'll start at once on the task of selecting a new head coach and he will be free to name his own staff," said Holcomb, who succeeded Ted Payne as athletic director. Payne recently was switched to assistant business manager for promotion of athletics.

The general shakeup in the athletic department climaxed alumni and campus criticism of the last two football seasons during which Northwestern won only one Big 10 game. Bob Voights resigned "under alumni pressure" nearly a year ago.

Saban moved in as head coach under a straggle one-year pact. His Wildcats were without a single victory last season for the first time in the school's history.

Holcomb's 4-Year Plan

Pesek, who attended Capital University of Columbus, Ohio; Johnson, University of Illinois, and

Steinbrenner, Williams College of Williamston, Mass., all were Saban supporters.

Svensden, who played center on Minnesota's championship teams of the middle 1930s, served under Voights in 1954 and was held over. The 45-year-old Holcomb was brought in to give Northwestern an athletic transfusion and is confident of making the school strong again in football "in three or four years."

"I have no one definitely in mind at this time, but I hope to announce a new head coach soon," he said.

Saban said he had nothing in mind for the future.

Graham Not Interested

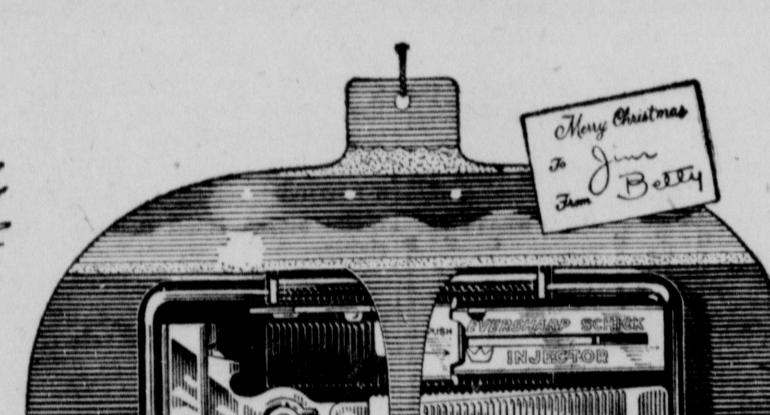

"I more or less thought it was coming," he added. "It's just the way the football bounces. I'm certainly in the market for a job. It was a very short year."

Otto Graham, former Northwestern All-America and Cleveland Browns star, always has had strong alumni backing for the coaching job at his alma mater. When Voights left, Graham said he was not interested.

He reiterated that stand Monday enroute to address the Wabash College football banquet in Indiana.

"I'm not interested in coaching football," he said. "From now on I intend to devote my time to various business interests."

The two most often mentioned in speculation on Saban's successor are Dal Ward of Colorado and Ara Parseghian of Miami (Ohio). Miami was unbeaten last season and scored a 25-14 victory over Northwestern. Holcomb was head coach at Miami in 1941.

Line Mentor Promoted

Mollenkopf Named New Purdue Coach

LAFAYETTE, Ind. (AP) — Kenneth (Jack) Mollenkopf, whose powerful lines made Purdue the best defensive team in the Big Ten this fall, was promoted to head football coach Monday.

The 50-year-old former star end of Bowling Green University of Ohio was reported to be the choice of Stuart K. (Stu) Holcomb, who left the Purdue coaching job after nine seasons to become athletic director at Northwestern University.

President Frederick L. Hovde of Purdue, himself a former University of Minnesota quarterback, gave candidates little time to line up for the Boilermaker post. He announced Mollenkopf's selection only three days after Northwestern picked Holcomb to reorganize its athletic department.

Mollenkopf was given a three-year contract at an undisclosed salary. Holcomb's last Purdue contract was for 10 years.

Holcomb picked Mollenkopf as one of his first assistants when he came to Purdue in 1947. Holcomb, himself from Ohio State, was impressed by Mollenkopf's record as a high school coach.

The new Purdue coach, a native of Conroy, O., claimed three state championships in an 11-year tenure at Waite High School of Toledo, O.

The aggressive, six-foot Mollenkopf said he hopes to keep the present Purdue coaching staff intact. It includes his assistant line coaches, Norman (Ned) Maloney and Bill DaClio, backfield coach Henry Stram and assistant Bill Elias, and freshman coach Bob

O'Neil To Scout For Chicago Cubs

CHICAGO (AP) — John (Buck) O'Neil, one of Negro baseball's all-time greats, Monday was appointed a scout by the Chicago Cubs.

Wid Matthews, Cub personnel director, said O'Neil, 44, "will scout all colored high schools, colleges and leagues for the Cubs."

O'Neil had been player-manager the last eight years.

Matthews said O'Neil sent more than 40 players to professional baseball, including such present stars as the Cubs Gene Baker and Ernie Banks, Hank Thompson of the New York Giants, Elston Howard of the New York Yankees and Connie Johnson of the Chicago White Sox.

Bobo Wants Another Shot At Sugar Ray

SAN FRANCISCO (INS) — Carl (Bobo) Olson, former middleweight champion, Monday blamed his knockout by Sugar Ray Robinson on worry over a divorce suit brought by his wife and asked for "one more chance" against Robinson.

"I just ask one more chance—

with my own personal problems cleared away—so I can think properly in there (in the ring)," Bobo said.

The ex-champ, who visited his wife, Dolores, and their four children Sunday, said he was not certain about a reconciliation but deplored the publicity given the divorce suit.

"It is no good," he said, "not for me, not for Dolores."

"I don't know whether we're going to get together again or not. We've got lots to talk about, but nothing is certain."

Bobo said that his mind was "thousands of miles away" when Robinson knocked him out in Chicago last Friday night.

"He threw the punches," Bobo said, "and I just looked at them like a batter letting a third strike go by."

"Sure, my arms moved some and my legs moved some. But I didn't roll, weave or bob with the punches like I should have and like I usually do."

Olson emphasized that his mental condition was to blame when he stressed the fact that he was in "perfect physical condition."

Concerning a return bout with Robinson agreed to in the contract for the Chicago fight, Olson said his manager, Sid Flaherty, has Robinson "signed, sealed and all but delivered for a rematch."

Asked about meeting Robinson

Tuesday, December 13, 1955 THE LINCOLN STAR 17

again in 90 days, Olson said:

"I hope so and I hope I can fight him here (in San Francisco). But who knows? Sid may even want me to fight a warm-up or

two. Maybe that would be best."

But in any event, Olson stressed, all of his mental troubles must be cleared away before he again enters the ring against Robinson.

Hoover's Second Vice President Idea To Get Senate Hearing

WASHINGTON (INS) — Senate hearings were promised Monday for the proposal by former President Herbert Hoover that a second vice presidency be created to ease the burdens of the chief executive.

Chairman John E. Kennedy (D-Mass.) announced that his Government Operations Subcommittee will hold hearings on Hoover's suggestion during the coming session of Congress.

Kennedy said it will also consider other ideas advanced by Hoover's commission on govern-

ment reorganization to lighten the President's work load.

The ex-president's proposal for a second vice president to handle administrative details in the White House was widely hailed on Capitol Hill, particularly by Republicans.

Sen. Barry Goldwater (R-Ariz.), chairman of the Senate GOP committee, called the idea "a very good one," adding: "Corporations do it and this is something the government might copy."

One of the few dissenters to Hoover's proposal came from Sen. Mike

Mansfield (D-Mont.) who said the President can have all the assistants he wants right now, so there is no need for a second vice president.

However, another Democrat, Paul Kilday of Texas, said: "I think it is a good proposal. Much of the work (to lighten the President's workload) can be carried out without legislation and a great deal more with legislation, I think something of that kind can be done."

Sen. Arthur Watkins (R-Utah) said: "It is worthy of serious study."

Sen. Alexander Smith (R-N.J.)

Mansfield added that there may

be a question of how far a presidential assistant can go in performing White House work, declaring: "It seems to me they have gone pretty far already."

But Smith said: "We certainly need some way of relieving the

burden should be eased not only for Eisenhower but all presidents. There are too many unnecessary duties a president is called

on to perform. They could be done by another."

Announce New Way To Shrink Painful Piles

Science Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a

problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H.* Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drugstores. Satisfaction guaranteed or money refunded.

Under Control

LANCASTER, Pa. (INS) — A nine-

day outbreak of paratyphoid fever in the Lancaster area was declared "under control" although three new cases brought the number of per-

sons afflicted to 153. Dr. Berwyn F. Mattison, state secretary of health, announced in Harrisburg: "This definitely was an epidemic, but I'm sure we now have it under control."

NU J-School 14th In U.S. Enrollment

School of Journalism enrollment at the University of Nebraska has put the school in the first 15 per cent in the nation, according to size of the student body.

The group discussed downtown matters, including such items as parking and Christmas decorations, with Baley.

The Rev. Harold C. Saadall, pastor of Grace Methodist Church, gave a report on the Indians in Lincoln. The association is making a study of the Indian problem.

Haymes Divorced

RENO (INS) — Rita Hayworth won a divorce in absentia Monday from crooner Dick Haymes.

Miss Hayworth's complaint charged extreme mental cruelty. Her testimony was contained in a deposition airmailed from Paris where she is visiting.

The flame-haired actress and Haymes were married Sept. 24, 1953 in Las Vegas, Nev., where Haymes is currently filling a singing engagement.

TV Station OK'd

WASHINGTON (INS) — The Federal Communications Commission authorized construction of a new television station on channel three at Madison, Wis., by Radio Wisconsin, Inc. At the same time, the commission denied a competing application for the same channel filed by the Badger Television Co.

Intensive Selling Puts Prices Down

NEW YORK (AP)—Selling persisted in the stock market Monday and mounted in intensity just before the final bell to push prices down all around.

There was no acute pressure at any time, but many leading stocks were at their lows at the close. The fall carried prices off \$1 to \$4. At the same time there were gains of \$1 to \$2 and more. Losses outnumbered gains more than two-to-one.

All divisions of the market were engulfed by the selling, but resistance was found in the coppers, railroads and air-crafts.

Before the opening of the market, Wall Street sources said they expected some selling to develop as a result of the latest report on President Eisenhower's health. His physicians ordered him to slow down his work pace.

The Associated Press average of 60 stocks fell \$4.40 to 170.90.

It was not too far under the record high of \$181.50 set Sept. 23 and again a week ago Monday.

The total component of the average, at \$17.40, was off 70 cents, and utilities were off 30 cents.

Volume amounted to 2,510,000 shares. There were 2,669,000 shares traded in Friday's lighter market.

The American Stock Exchange was generally lower on volume of 960,000 shares as compared with 1,250,000 share Friday.

BOND MARKET

NEW YORK (AP)—Convertible issues declined Monday, pulling the bond market down.

U.S. Treasury securities shaded off in the over-the-counter market in quiet trading.

Weakness was concentrated in the intermediate issues.

Corporate volume increased to \$4,400,000 per value from \$3,600,000 Friday.

Sen. Johnson Says He's Political Moderate Without 1956 Commitments

WASHINGTON (INS) — Senator Democratic Leader Lyndon B. Johnson described himself as a political "moderate" Monday but declared he has made "no commitments" to any Democratic presidential candidates.

Tanned and slender since his heart attack, the Texas Democrat told a news conference he hopes President Eisenhower's health will permit him to be a candidate if he should choose.

Johnson suffered a coronary thrombosis last July 2, more than a month before Congress adjourned last summer. Eisenhower, who visited Johnson while he was recovering at the Bethesda Naval Hospital, suffered a somewhat similar heart attack in Denver on Sept. 24.

The Senate leader met newsmen in his Senate office, the first time he has been there since the day of his attack.

Asked about reports that he

would not endorse any Democratic presidential candidate prior to next August's convention, Johnson replied he does not think it would be appropriate, desirable or wise to try to "turn the Senate—my side of the aisle—into a Democratic convention."

He said he has made this same statement "in the presence" of Adlai E. Stevenson, the only announced presidential candidate. Sen. Estes Kefauver (D-Tenn.) a probable contender, and others who have visited him at his ranch.

Johnson added: "I have made no commitments, promises or inducements of any kind. All I've said to them and the people of the nation is that I hope and believe the Democrats will have the kind of program that any nominee can win on."

Moderation

Johnson was asked if he thinks the word "moderation" has no place in the Democratic vocabulary—as recently stated by Gov. W. Averell Harriman of New York. The Senate leader commented:

"In my own right I'd say I hope I've not been immoderate. Moderation to me means tolerance—it means failure to embrace extremes. In my own political conduct I've thought of myself as moderate in my approach to questions."

Johnson outlined his own plans so far as they are now fixed pending a final medical checkup. In reply to questions, he said:

1. He has confidence in the delegates who will attend next year's Democratic convention in Chicago and he will "support the nominee" they select.

Not a Candidate

2. He is "not a candidate of any description for any office in 1956." He said again that his only aim is to complete the recovery of his health. He said complete resumption of his duties as Senate majority leader will hinge entirely upon the final report of his doctors.

3. He expects Democratic unity on foreign policy to continue to follow "good judgment, reason and patriotism" and expects no divisions within his party in that field.

4. He expects Congress to approve legislation next year that would free natural gas producers from federal regulation. The gas

bill was one of 13 points in the legislative program recently outlined by Johnson. It has passed the house and is on the Senate calendar. But Johnson admitted there is a split in both parties on this issue.

Johnson was asked point-blank if he thinks any man who had suffered a heart attack "ought to be running for office in 1956"—a clear reference to Eisenhower.

The senator, relaxed in a big swivel chair but trying to limit his replies to save his energy, said

he could not even speak for himself on that. However, he added:

"I hope the President's health is such that it would permit him to be a candidate if he should choose."
